

Product Description Writer overview

Last Modified on 05/13/2025 4:24 pm EDT

Using data from alby's Q&As, you can use AI to automatically rewrite product descriptions to answer the top questions that drive customers with the Product Description Writer.

The tool can improve your product descriptions using information gathered from your catalog and the top questions customers are asking about your product.

Use updated, detailed product descriptions to improve customer education and increase their likelihood to convert.

This feature is still in beta.

How to use the Product Description Writer

Description

Elevate Your Running Experience with RunFast Men's Running Shoes

Whether you're an athlete pushing your limits or a casual runner enjoying the open road, the RunFast Men's Running Shoes are your perfect companion. Expertly crafted to deliver unparalleled comfort and support, these shoes are designed to enhance your performance and keep you moving with ease.

Key Features:

- **Lightweight Design:** Engineered for speed and agility, these shoes won't weigh you down, allowing for a more natural stride.
- **Breathable Mesh Upper:** Stay cool and comfortable with a mesh upper that promotes airflow, keeping your feet dry and fresh even during the most intense runs.
- **Responsive Cushioning:** Experience superior shock absorption and energy return with our advanced cushioning technology, reducing fatigue and enhancing your endurance.
- **Durable Rubber Outsole:** Enjoy exceptional traction and flexibility on various surfaces, ensuring stability and confidence with every step.

Why Choose RunFast?

RunFast is committed to providing high-quality footwear that meets the needs of runners at every level. Our Men's Running Shoes are meticulously designed to offer the perfect balance of comfort, durability, and performance.

Improved

Original

Follow the below steps to view a rewritten product description:

1. In the alby sidebar, click **Knowledge > Products**. Your Product Catalog appears.
2. Click the product on which you'd like to test a new product description
3. Under Description, click **Improve**. Alby will rewrite the product description.
4. You can copy the new product description to your clipboard, generate a new description, or toggle between the new product description and the original one.

If you like the new rewritten version, copy and paste it onto your site.
